

DR. BRILL + DR. STEINMANN
INSTITUTE FOR HYGIENE AND MICROBIOLOGY

Certificate

Here I confirm that the steam cleaner

Modell PC

of the company

Steam Italy s.r.l.

Based on the approved cleaning efficacy and usability can be regarded as

HACCP-qualified

Subsequently the product can be used in an HACCP environment for cleaning of surfaces according to the manufacturer's instructions for use. This qualification has to be re-approved after relevant technical changes at the device of the instructions for use.

Hamburg, 19th October 2020
